

Borealis Polyethylene plants and the Administration building

Follow road 170, pass the loading area, on the right hand side, turn right at the sign Borealis Polyeten, Administration. Turn right one more time. On the left hand side you find the Borealis Innovation Centre and after 100 m the Administration building.

Borealis Cracker plant

Follow road 170, pass the loading area and the Polyethylene Plants, on the right hand side. Cross the railway and turn right. The Cracker plant is the first plant on the left hand side.

From Uddevalla

Follow the sign for Göteborg (E6). Approx 40 km south of Uddevalla follow the signs Stenungsund N (exit no 91, also an industrial area sign) and turn right. Just follow the road (road 170) straight on.

Borealis Loading area

After about 2 km follow the sign "Borealis utlastning" and turn right. You will now see a building with the sign "Borealis Loading".

Borealis Polyethylene plants and the Administration building

Follow road 170, pass the loading area, on the right hand side, turn right at the sign Borealis Polyeten, Administration. Turn right one more time. On the left hand side you find the Borealis Innovation Centre and after 100 m the Administration building.

Borealis Cracker plant

Follow road 170, pass the loading area and the Polyethylene Plants, on the right hand side. Cross the railway and turn right. The Cracker plant is the first plant on the left hand side.
