

Polypropylene

HG565FB

Polypropylene Homopolymer

Description

HG565FB is a polypropylene homopolymer mainly intended for BCF, CF and staple fiber. HG565FB has a gasfading free stabilisation package to avoid discoloration of the fibers.

Cas No. 9003-07-0

Typical characteristics

HG565FB can be described with following typical characteristics:

Easy processability	Excellent spinning performance
Gasfading free stabilisation	Optimal product consistency
Improved long term heat stability	

Applications

HG565FB is intended for following applications:

Staple fibre for nonwoven	Continuous filaments
Bulk Continuous Filament	

Physical properties

Property	Typical value *	Unit	Test method
Density	905	kg/m ³	ISO 1183-1
MFR 230°C/2.16kg	23.0	g/10min	ISO 1133-1
Molecular weight distribution	Medium	-	
Melting temperature	162	°C	ISO 11357-3

* Data should not be used for specification work

Processing techniques

The actual conditions will depend on the type of equipment used and targeted applications.

Packaging and storage

HG565FB should be stored in dry conditions at temperatures below 50°C and protected from UV-light. Improper storage can initiate degradation, which can result in odour generation and colour changes and can have negative effects on the physical properties of this product.

Product compliance documents

Latest versions of product safety information sheets (PSIS), product safety data sheets (SDS) and other product liability documents are available in our website www.borealisgroup.com.

Sustainability aspects

Borealis is ever mindful of the impact of our products on the planet. We promote Design for Circularity (DfC) and Design for Recycling (DfR) to conserve natural resources and to reduce the environmental impact of products over their entire lifetime (including production, use phase and after phase). DfR helps ensure that material can be effectively recycled while maximizing the material performance efficiency. Further information on sustainability and Design for Recycling (DfR) can be found from our websites www.borealisgroup.com and www.borealiseverminds.com.
